

JUNO BEACH CIVIC ASSOCIATION

proudly presents

Know Your Automobile Insurance Policy!

WHAT

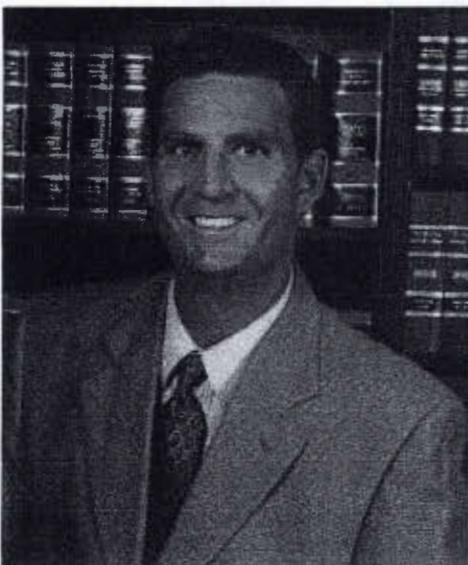

Attorney Jeff Vastola will provide a brief presentation on the various forms of coverage on a standard automobile insurance policy, as well as those types of coverage that are not offered to most consumers so as to educate the audience on not only what the different forms of coverage are, but the differences between them and how they can be used to provide financial protection. Mr. Vastola would also invite the audience to bring their current automobile policy to the presentation to allow Mr. Vastola an opportunity to evaluate the policy with each member of the audience to explain any recommended changes at the conclusion of the presentation.

WHEN

November 17
at 1 pm

WHERE

Town Center
340 Ocean Drive
Juno Beach

WHO

Jeff Vastola founded his law firm in 1997 after gaining valuable insight working for both a plaintiffs' personal injury firm and a statewide defense firm. He thereafter created Vastola & Kirwan, P.A., with attorney Stuart Kirwan in 2012. Mr. Vastola demonstrated his firm's commitment to public service by hosting a weekly radio show called "Know Your Rights" for many years on several different radio stations, providing free legal advice to those that would call into the show. Having focused his legal practice on the areas of personal injury and wrongful death for over twenty years, Mr. Vastola has a genuine interest in educating the public on various issues of insurance and how different types of policies can oftentimes provide financial protection or compensation, depending on the circumstances.
