B. Public Hearing

Public Comments Opened at 5:45 PM.

Don Felicella, 1045 Ocean Drive, #401, stated that the Town is in good financial shape and therefore he could not understand why the Town would want to sell this land, as it is a piece of the Town's history. He stated that the Town should protect the historical significance of the site.

Dan Corbett, 714 Bay Colony Drive, recommended that the Town get an appraisal of the property first before declaring it surplus property.

Barbara Wittenberg, 80 Celestial Way, 209W, stated that she was not in favor of the Town selling the property (*Mayor Levine read comment card*).

Louis Bugbee, 20 Celestial Way Apt 103, stated that she was not in favor of the Town selling the property (*Mayor Levine read comment card*).

John Flynn, 50 Celestial Way, #207, stated that he was not in favor of the Town selling the property (*Mayor Levine read comment card*).

David Cox, 911 Ocean Drive, recommended that the Town not sell this property and maintain it as a historic site.

Peggy Davies Wheeler, 460 Atlantic Boulevard, recommended the Town Council vote no to selling this piece of land. She stated that there is little to no green space anymore and selling this piece of land would allow a developer to do whatever they wished with the property. Ms. Wheeler stated that she collected 168 signatures of residents who did not want this property sold and stated her belief that the elected officials should listen to the voters. Ms. Wheeler spoke about a special relationship that one of the Councilmembers had with the applicant and she felt this Councilmember should have recused himself.

Frank Fahy, 840 Ocean Drive, stated that the Town should not be selling this piece of property. It is a bad economic decision and would take away from the open space atmosphere of Juno Beach.

Nick Webster, 800 Uno Lago, Unit 203, stated that the property is a piece of Juno Beach history and did not want the Town to sell it.

David Bailey, representing San Remo 1000-1018, 474 Zephyr way, stated that the majority of the San Remo residents are opposed to new development on this property, such as townhomes.

Gary Gelman, 530 Ocean Drive, stated that he would purchase the land and lease it back to the Town for a nominal fee, if the Town was willing to turn it into a park.

Jack Kneur, 541 Lyra Circle, requested the Council vote to not sell the property.

Paul Shea, 450 Ocean, stated that he was against selling the property.

Thomas Brite, 450 Ocean Drive, stated that he was against the sale of the property and even though the developer might have good intentions, you never know what could eventually end up at the site.

Tracey Callahan, 841 Ocean Side Drive, stated that she was not in favor of this property being sold and the Council would not be acting in the best interests of the Town if it moved forward.

Steven Callahan, 841 Ocean Side Drive, stated that municipalities value their greenspace and preserve it and the Town of Juno Beach should be doing this as well.

Robert Maciejko, 460 Surfside Lane, stated the Council members should be thinking about what is best for the Town and protecting the interest of the residents. He stated that the Town is well on its way to becoming the detox capital of Palm Beach County. He stated that he did not understand the Town's agreement with 461 Venus Drive property and believes partly that it was illegal. He stated that the Town should consider rezoning that area. Mr. Maciejko added that he would like to see the vacant property turned into a park.

Anna Maciejko, 460 Surfside Lane, stated that most of the residents would prefer this property be a park and not have Council declare it excess property and sell it. She stated that she speaks on behalf of the residents of Surfside and they would prefer this property kept as green space.

Chris Huffman, 840 Ocean Side Drive, stated that selling this property right now would be a poor economic decision. He gave two examples of poor decisions such as Napoleon selling the Louisiana Purchase to Thomas Jefferson for 15 million dollars and Russia selling Alaska. He also asked whether the Council's decision would benefit special interests or all of the residents of Juno Beach. Mr. Huffman submitted plans for proposed the single-family substance abuse treatment facility at 461 Venus

Drive that he represented were rejected by the Planning and Zoning Board. The plans were submitted into the record.

Mayor Levine stated that the single family home plan is submitted into the record for this hearing.

Public Hearing Closed at 6:30 PM.

C. Council Discussion

He stated that he has listened to residents and their concerns and their main concerns are overdevelopment and traffic. Councilmember Lyons stated that he would be opposed to moving forward with selling the property.

Councilmember Haselkorn thanked staff for their hard work on this item as well as Jerry Wilson. He also thanked the residents for coming out and voicing their opinion on this item. He agreed with Councilmember Lyons that the Town is in a good financial situation. He stated that he would like for staff to reach out to George Gentile and others and brainstorm some ideas for the property. Councilmember Haselkorn stated that he wanted to see the Town maintain its vision and mission statement and therefore would be against selling the property at this time.

Vice Mayor Pro Tem Greene made a presentation via phone (presentation attached). He supported looking into selling the property.

Vice Mayor Andel stated that she heard a lot of untrue statements tonight. She stated that yes the Town is debt free, but there is a reason why we are debt free. She stated that it is financially irresponsible to not look into options regarding this property.

Mayor Levine stated that he considers the Town one neighborhood and thanked everyone for coming out tonight to voice their opinion. He stated that unfortunately there has been a lot of misinformation and statements made during public comments. He stated that every transaction is open to the public and the Town is not making deals behind the scenes.

Mayor Levine stated that tonight the issue at hand is whether or not to declare the property surplus land and allow it to be sold. He stated that he could not make that decision right now as he has not been given a clear plan of what the buyers are intending to build on this property.

The FACTS

(Dispelling Mis-Information):

1. The Town's Medical Treatment Zoning District (Seminole Plaza) is the only location medical treatment businesses can operate.
2. This Neighborhood is zoned RMT (moderate density) for 55+ years, unlikely to change.
3. The Town has abundant 'green space', nature preserve, parks & beaches for open space.
4. The Town has tax-reducing balanced budget with ample financial reserves.

Green Space others envy:

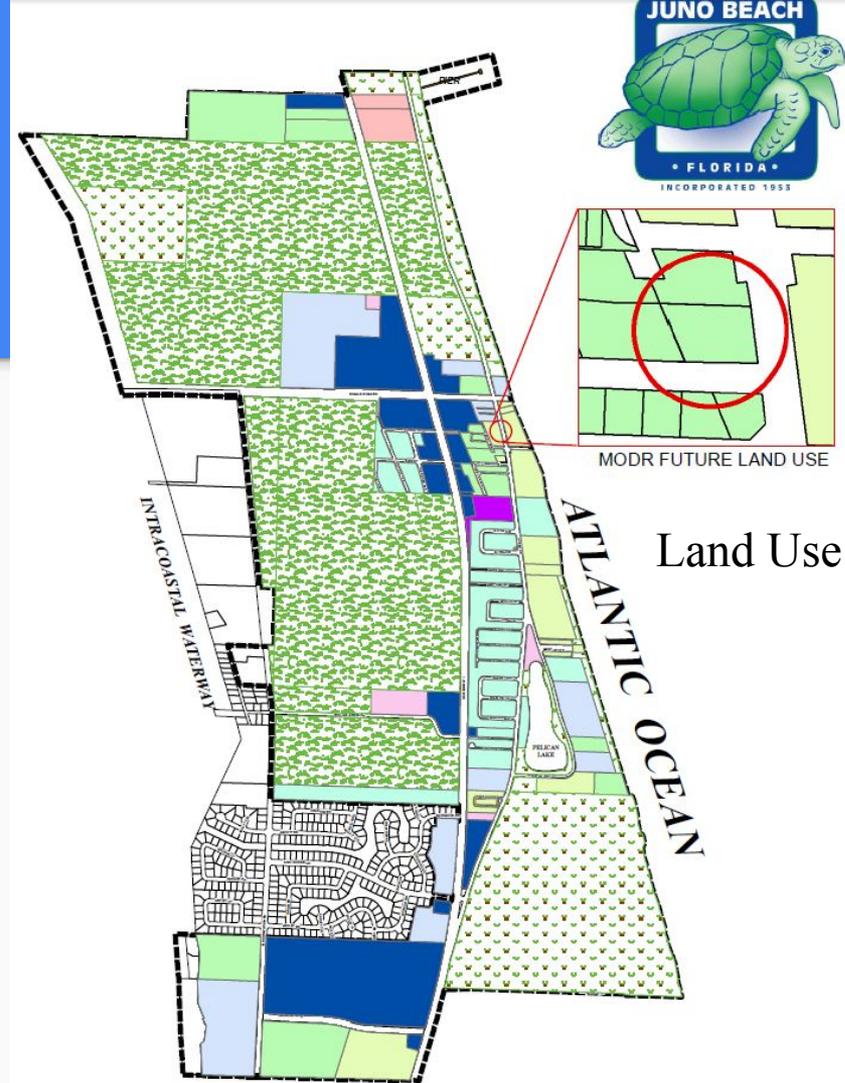

Nature Preserve (47% of Town area)

Parks, Fountains, Gazebos, Art

Dune Walk-Overs (across the street)

Golf Course

Beach

Land Use

Definition: Excess Property

"Excess property" shall be considered property not needed for public purposes in the foreseeable future.

(Mayor Frank Harris signed Resolution No. 98-8, Section 1)

History: 841 Ocean Drive Town Hall for 30 years

1961 - Juno Beach Town Hall was Tenant of Standard Oil

1973 - Town Purchased Gas Station & Lot for \$30,000.

1991 - Town Operations relocated to old Methodist Church (current site)

1992 - Old Town Hall demolished, lot maintained vacant for 24 years

& New Town Center dedicated in current location

Previous Councils Sold Excess Property e.g. 12880 U.S. Highway One

Former site of Town Water Plant & Tank (60's-80's)

Town declared Excess Property and Sold for \$330K (2001)

Combined with Adjacent Property

Developed into Juno Dunes Townhomes

Generates Juno Beach Property Tax Revenue of ~\$30K annually

Previous Councils Abandoned Roads & ROWs

Atlantic Boulevard, Hibiscus Avenue, Floral Avenue, and Old Ocean Drive Rights of Ways
for Ocean Ridge Development

Ocean Drive Right of Way in New Palm Beach Heights and Surfside Park
for Surfside Hills Development

These and others were approved as “in the public interest”.

These now contribute to the Property Tax Revenue from these homes.

Previous Councils Declined to Buy or Speculate in Property

In 2002/2003, the Celestial Realty Building (just east of here) was offered for sale. Some thought it would be a good addition of space to the Town Center facility.

After careful consideration, the Council voted against purchasing and speculating in this property. Some suggested selling 841 Ocean Drive, even back then.

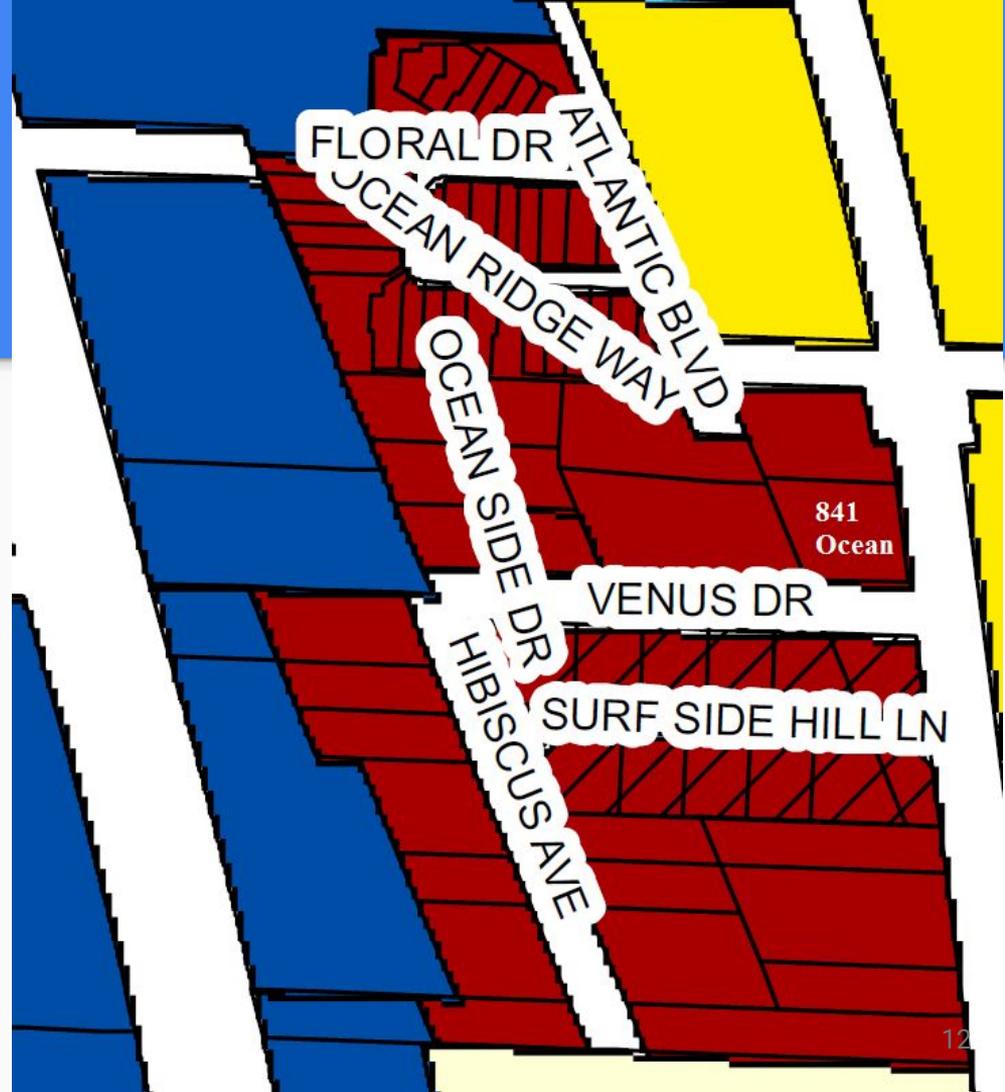

Property Ownership is not the Town's kind of Business.
It is not the right way to handle tax-payers' money.

Zoning: RMT Moderate Density

District has been RMT for ~55+ years

Most probably will stay that way

Can't 'spot zone'

Council Goal Workshop - April 18, 2012

Topic: Old Town Center plot on Ocean Drive

All agreed that whatever use they could find for the plot would be low cost, low impact, and low maintenance.

It was mentioned that since the plot was small, its location made it very valuable to a potential developer who needed to consolidate the plot with others to form a larger site.

Concern was expressed that if the site were made into a park, it might create problems in selling it in the future.

Action Item: Staff to propose low cost, low impact, and low maintenance options for the plot

Result: The Town used this plot of land to store ~15 relocated Foxtail Palm Trees and specifically avoided referring to it as a 'park'.

Town Controls the Process

Town is Responsible Steward in Complete Control

Determine the Value and Potential of this dormant Asset

Decide If and When to Convert it to Cash Windfall & Tax Revenue Stream

Zero Risk and Minimal Expense with Great Up-Sides

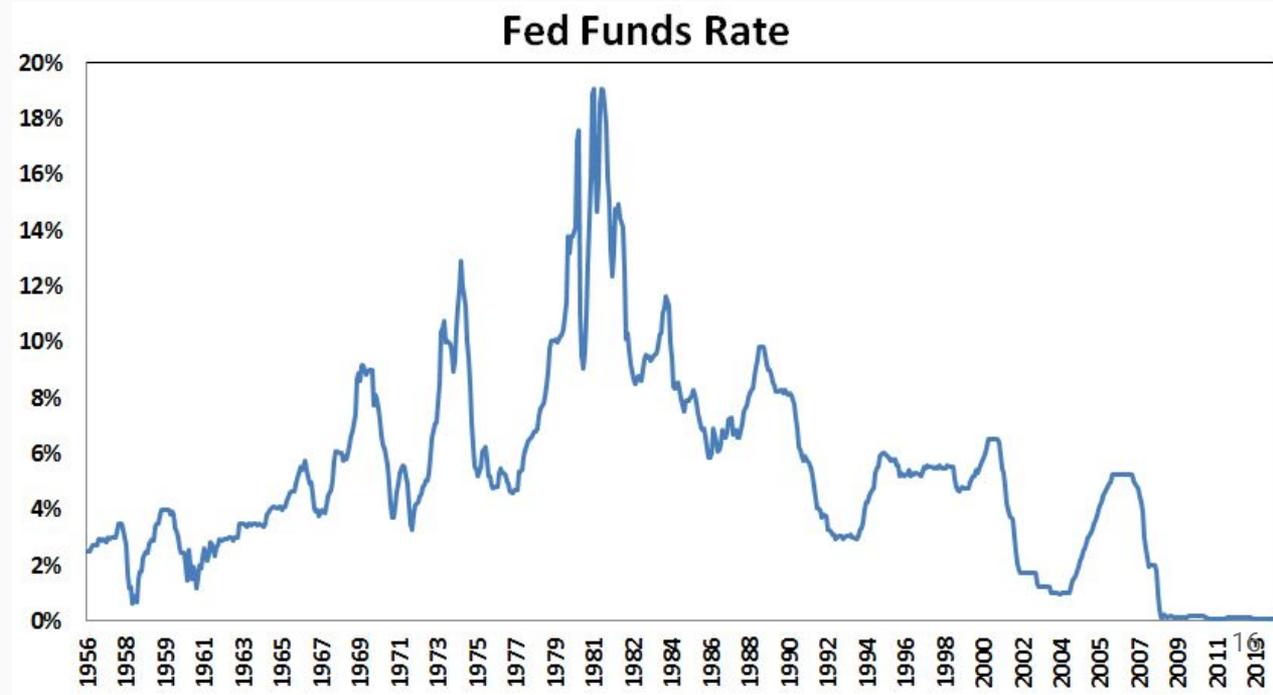

Timing: Why Now is the Best Time to Sell

1. Logical 'highest-value use' is merging small lot with contiguous property.
2. Contiguous property (west) recently established a viable 'comp' for appraisals.
3. It's a Seller's Market.
4. Avoid the Risk of Lost Opportunity

Timing: Why Now is the Best Time to Sell

Interest Rates are very Low,
Asset Values are very High.

Interest Rates are expected
to rise steadily, already
started.

Conclusion: 841 Ocean Drive Juno Beach, FL

This clearly IS Excess Property, and should be declared such tonight

Selling it Now is the **Right Thing** for the Town of Juno Beach

The Taxpayers Deserve the **Cash** and the **annual Tax Revenue** from the Property
