

**KNOWLEDGE IS POWER**

## **BE INFORMED!**

*Presidential Policy Directive 8: National Preparedness* is the shared responsibility of our whole community. Every member contributes, including individuals, communities, the private and nonprofit sectors, faith-based organizations and Federal, state and local governments. This national campaign to promote preparedness starts at the grass roots level and it begins with *YOU!* Preparing for an emergency is your best line of defense in protecting your life and your possessions. Know the hazards and have a plan in place. Florida is well known for hurricanes, storm surges, and flooding. Planning ahead includes having the necessary flood insurance and wind insurance in place. You should also pack an emergency kit that is readily available in case you are required to evacuate your home. The Town of Juno Beach is here to assist you for more information you can visit the sites below or call the Town center at 561-656-0326
